Cherry Hill FC U8-U10 Juniors Program

Cherry Hill FC Juniors U8-U10 (2011-2009)

Ball mastery is the emphasis in CHFC's Juniors Program, which is the first tier of CHFC travel soccer. While developing and encouraging a competitive spirit is important, emphasis is on player development, good training habits and enjoying the game. Players are exposed to different positions on the field and all players should receive sufficient playing time on match days to facilitate this development. While tactical concepts are introduced, a heavy emphasis is placed on individual technical development and helping players to develop a "good soccer IQ."

Season: Fall (August – November) & Spring (March – June)

Team Selection: By ability level – Red (A team), Black (B team) and White (C team)

Training/Coaching: All Cherry Hill FC Juniors travel teams are coached by parent volunteers who must possess, at a minimum, the State Certificate (formerly the NJYS "F" license).
